

# Destination Imagination

Can young people be taught to think and act more creatively? Absolutely! Can they have fun while they learn? Positively! Destination ImagiNation, Inc. (DI), the world's largest creativity and problem solving organization, inspires participants in all of its programs, to learn the process, art, and skill associated with problem solving and creative thinking. Teams invent, act, construct, and write plays to solve a central challenge. They also learn to work as a team in solving instant challenges.

- Teams will be formed by grade level, 1<sup>st</sup> through 8<sup>th</sup> grade
- **Return the registration below in Wednesday Envelope by December 1st** (More info will be sent to you when teams are formed.)
- More information can be found on FAQs under the DI link on GA website (Under Extra-curricular Activities tab)
